## SUMMARY

As a Software Engineer, I am actively seeking a challenging role within a dynamic organization. My primary goal is to apply my technical expertise to develop and maintain cutting-edge websites that set new industry benchmarks. With strong problem-solving skills, creativity, effective communication, logical thinking, collaboration abilities, and meticulous attention to detail, I am confident in my ability to contribute to the success of any team. I thrive in fast-paced, collaborative environments and am excited to bring my skills and enthusiasm to your organization.

## EDUCATION

### THE UNIVERSITY OF PAMULANG

2017-10-27 — 2021-10-27

Bachelors - Bachelor of Science in Computer Engineering

## SKILLS

**Frontend:** HTML, CSS / Tailwindcss / Bootstrap, Javascript, JQuery, ReactJS

**Backend:** PHP, Laravel, CodeIgniter

## EXPERIENCE

### Rental Car | PROGRAMMER

2023-09-20 — 2023-10-10

Developing a web-based rental application system.

- PHP
- Laravel
- Javascript
- JQuery
- Bootstrap

### Freelance | PROGRAMMER

2022-03-01 — 2022-07-01

Designed a comprehensive logging system to track user actions for master, admin, agents, and customers. Developed a feature for sending manifest emails to passengers upon payment for a trip. Successfully deployed the application. Collaborated with clients to enhance and modernize their existing websites.

- PHP
- Laravel
- Javascript
- JQuery
- Bootstrap

### Rental | PROGRAMMER

2022-02-01 — 2022-03-01

Developing a web-based rental application system.

- PHP
- Laravel
- Javascript
- JQuery
- Bootstrap

## PROJECTS

### Kasir

This application is created to facilitate customers in placing food orders or other menu items without the need to physically interact with a waiter. Customers can easily place their orders, and a waiter receives the order in the system in real-time for processing.

- PHP / Laravel
- Javascript / React
- CSS / Tailwindcss

### **NOTE APP**

<https://www.noteapp.rhandyta.my.id/>

I've created a note-taking app to assist users in easily capturing and organizing their notes. The app boasts a simple and intuitive interface, enabling users to effortlessly add, edit, and delete notes. With Rhandyta's note app, staying organized has never been simpler.

- PHP / Laravel
- Javascript / React
- CSS / Tailwindcss

### **COVID 19**

<https://rhandyta.github.io/Covid19/>

This application aims to provide the latest updates on Covid-19 cases.

- HTML
- CSS
- Javascript

### **SISTEM PENDUKUNG KEPUTUSAN CALON KETUA OSIS TERINTEGRASI E-VOTING**

This application aims to streamline the process for OSIS coaches in selecting prospective students as candidates for the OSIS Chair position, including conducting web-based OSIS Chair elections.

- PHP / Laravel
- CSS / Bootstrap
